STANDARD AERATED WATERS.

KEMP & Co., Limited, have recently erected new machinery embodying the latest inventions for the production of superior Aerated Waters.

The perfect purity of these beverages is first secured by FILTRATION, then passing through COLUMNS OF GRANULAR CHARCOAL, and then a SECOND FILTRATION. The water thus purified has been analytically examined and found in the most unfavourable seasons to be ABSOLUTELY FREED FROM ALBUMENOID NITROGEN. The water is then passed through machinery internally coated with silver and tin, where it receives its charge of gas, and from whence it is passed into the bottles without any organic or other contamination. Studious arrangements are also employed in the cleansing of the bottles, which, after being washed in several waters, are finally purified by placing over jets of pure water. NO CORKS ARE EVER USED A SECOND TIME.

The Company bottle Aerated Waters both in patent glass stoppered and in ordinary bottles, the price of each being the same, and the following are the prices of the different beverages :—

	Dozen.
Soda-water (5 grains per bottle)	Rs. 0 12

MEDICINE CHESTS.

MANY hundreds of KEMP and Co.'s Medicine Chests are in use throughout India, and it is one of the customary precautions of life in this country, if residing or travelling at a distance from medical aid, to keep one of suitable dimensions always at hand.

The Company's Catalogue contains descriptions of thirty different patterns, comprising chests of Solid Leather, Plain and Polished Wood, and Block Tin. They vary in size from the small case for the pocket to the large chest for employers of labour, and in price from Rs. 6 to Rs. 130, filled.

Each Chest is furnished with a copy of "Kemp's Companion to the Medicine Chest" (3rd edition).

The Company have designed a special pattern of Chest for the remedies recommended in

"Moore's Family Medicine for India," of which the price filled is Rs. 22.

Also a special pattern for the remedies recommended in

Dr. G. Yeates Hunter's Domestic Medicine. Price, Rs. 75.

Intending purchasers are recommended to write for Catalogues, or to describe the purpose for which the Medicine Chest is required, and mention limit of price.

COMMERCIAL INTELLIGENCE

THURSDAY EVENING, Nov. 12.

Owing to the Dewali holidays the Banks were closed on Friday and Saturday, so that as regards some branches of business we have only four days' transactions to notice. In the bazaar, however, the new year bargains went on as usual, and some 6,000 packages Piece-Goods are reported to have changed hands—a decidedly encouraging result. In nothing else though have the Dewali bargains assumed any importance, the general depression in trade at home affording no encouragement to merchants to incur the slightest risk. In exports the greatest dulness prevails. There is just a shade more doing in Cotton owing to the arrival of some new Omras and Bengals, but there is no life in the market either as regards ready or future delivery. Freights have undergone a somewhat rapid collapse, the ready rate for London and Liverpool being down to 15s. per ton to-day, but low as the rate is, it does not enable shippers to overcome the adverse position of the buying markets in Europe, and the trade in Wheat and Seeds is accordingly dull and dragging. Exchange gives no indication of increasing strength notwithstanding the renewal of the Latin convention, but it has had the merit latterly of having undergone no fluctuations of moment. Money continues very easy. Government Paper and Shares are dull and generally tending lower.

Crop accounts on the average may be called favorable. Showers have fallen in the districts, and in the Berars may cause some stain and black leaf in Cotton besides slightly retarding [arrivals, but elsewhere more good than harm is likely to result, as Cotton is not far enough forward to run the risk of damage, while the new sowings of Wheat and Seeds will be decidedly benefited.

Money.—We have no change of any importance to notice in the position or prospects of the market. The last Bank of Bombay return certainly showed a reduction of 35¾ lakhs in the Cash Balance, but this, it is generally understood, was merely the result of temporary withdrawals mainly in anticipation of the holidays. Next Monday's return will probably show an increase of something like the same extent, as trade demands are not likely to assume large proportions for some time to come, and the Banks are all well in funds—provided, in fact, for that increased activity in business which is so slow in coming. The Bank of Bombay's official minimum remains at 4 per cent. on Government Paper, and in the outside market it is difficult to employ funds at 2 per cent.

Exchange.—The movements in sterling since the departure of last mail have been quite insignificant. With advice by wire of the renewal of the Latin monetary convention business reopened on Monday after the holidays with something of a steadier feeling, and the Banks seemed inclined to draw forward at slightly higher rates, demand for February having been done at 1s. 6¼d. Before the day was out, however, a quieter tone had been manifested, and ready rates settled down to the basis of 1s. 6 3-16d. for demand Bank Bills and 1s. 6⅜d. for 3 months. Credits. These have practically remained the quotations ever since, a rise in the London quotation for Bar Silver from 47¾d. to 47½d. reported here through Reuter on Tuesday having had no effect. This morning some business was done in demand Bank Bills at 1s. 6 7-32d. on the strength of Council drafts having brought that figure in London yesterday, but sellers quickly withdrew as the quietening influence of the increase in the weekly biddings from 25 to 30 lakhs became apparent. At the close the tone of the market is exceedingly quiet at the following quotations for ready bills :—

Bank Bills on demand		..1s. 6 3-16d.	per rupee.
Do.	Telegraphic Transfer.	1s. 6 5-32d.	,,
Do.	3 months' sight	..1s. 6 3-32d.	,,
Do.	4 ,,	..1s. 6 1-32d.	,,
Do.	6 ,,	..1s. 6 1-32d.	,,
Credits	3 ,,	..1s. 6¼d.	,,
Do.	6 ,,	..1s. 6 17-32d.	,,
Documents	3 ,,	..1s. 6 13-32d.	,,
Do.	6 ,,	..1s. 6 9-16d.	,,
Francs	3 ,,	..1·94	,,
Do.	6 ,,	..1·94½	,,

For forward delivery the Banks are not disposed to draw with any freedom, and it is questionable whether 1-16d. per rupee higher than ready could be got for telegraphic or demand any position. Of private paper on the other hand they are willing buyers at to-day's rate for delivery up to the middle of January. For 3 months' Credits February we quote 1s. 6 13-32d., March 1s. 6 7-16d., April-May [illegible] position is not expressive of any degree of strength, and moderate as the differences are, there is very little disposition on the part of merchants to sell. Their tone may alter when export business assumes larger proportions, but at present the prevailing idea seems to be that even if the Bland Act in America be left untouched, there is no occasion to anticipate any advance of moment in Exchange. The feeling is traceable no doubt to the increase of 5 lakhs in the sum to be offered at next week's biddings for Council drafts, which draws attention to the fact that Government have in hand figures about 50 lakhs per week to dispose of between now and the end of March. That is a restraining influence not to be gainsaid, and must be fully allowed for in all calculations as to the future, but there is just the possibility—we would not say the probability—of the full sum not being placed on the market. The expenses of the Burmah expedition, for instance, might lead to a reduction in the home drawings and other unforseen influences might arise. Still, these causes have to be sought for ; the broad features of the market as at present displayed are not in favor of strength.

The total sales of Council drafts during the week ending on Tuesday are reported by Reuter at 33½ lakhs. The shipments of Silver to Bombay for the week are given at £70,000. The statement of Silver in the Mint as published in the *Government Gazette* to-day is as follows :—

	Rs.
Value of Silver in the Mint on	25,03,766
Silver received during the week	1,58,150
	27,11,156
New Coin paid during the week	5,00,000
	22,11,156
Silver belonging to private individuals	224,293
	24,35,449
Last week..	26,87,459

Government Paper.—A very small business has been done in paper this week, and the tone of the market has been dull throughout. Fours for cash have mostly stood at Rs. 97 3-16 and for delivery at the end of this month at Rs. 97 1-16 to Rs. 97. To-day the ready quotation is slightly better at Rs. 97¼ to 5-16, but forward is unchanged. Fours-and-a-half have remained at Rs. 99 all through and are only nominal at that.

Shares.—Extreme quietness has been the chief feature apparent in the share market of late. No speculative tendency is manifested in any branch, and the actual transactions reported have been limited. In *Banks* the only change to notice is a decline of Rs. 5 to Rs. 715 in Bank of Bombays. *Press* Companies have been rather irregular. Mercantile are Rs. 2½, Berar Rs. 5, Albert of Kurrachee Rs. 15, and Prince of Wales Rs. 45 higher, but Mofussil and New Indian are Rs. 2½, Volkart's Rs. 30 per share lower. *Spinning and Weaving Mills* as a general rule are weaker. There are, however, some exceptions. Notably Madras United which have advanced Rs. 50, Indian Manufacturing Rs. 40, Connaught Rs. 15, Alliance and Hindustan Rs. 5 higher. In most cases however, quotations are Rs. 5 to Rs. 10 lower than they were before the holidays, and not firm at the close. The *Miscellaneous* list exhibits but little change. The Bombay-Burmah Trading Company's shares have fluctuated from day to day, but for first issue close at Rs. 3,750 a decline of only Rs. 10. Bombay Saw Mills have receded to Rs. 360. In Ice Company's share, business is said to have been done at Rs. 104. Cooper, Madon and Company, Limited, are quoted at Rs. 123. Flour Mills have undergone no change. Bombay are Rs. 670, Bapty's Rs. 208, Western India Rs. 145 per share.

IMPORTS.

Piece-Goods.—The Dewali bargains are estimated at from 5,000 to 6,000 packages and the entire week's clearances from the bazaar at 6,500 to 7,500 packages of imported goods. These figures are of course mere estimates, still they serve to show pretty fairly the character of the business passing, and may be accepted as indicating a distinctly encouraging position of the market. Up-country buyers would not operate with so much freedom if they had not good grounds to go upon, and although the volume of trade for future shipment may not be quite in the same proportion at the moment, there seems every likelihood that it must come by and bye. Prices so far as we can learn have not advanced at all, but they are generally well supported, and are certainly no lower. Of the sales the bulk are as usual made up of grey shirtings which are credited with about 3,500 packages in all. Next to these come Bleached cloths, which have met a very good inquiry than Prints. Dyed goods have moved somewhat slowly as compared with other kinds.

For *Local Goods* the inquiry has also been better, resulting in sales of about 3,500 packages for the week.

Twist.—The demand for imported yarns has not been by any means on the same scale as goods, and only a comparatively small business has resulted in some cases slightly easier prices. For *Local* Spinnings on the contrary quite a good inquiry prevails mostly at previous prices, but No. 10s. in some cases have been bringing an advance of 1-16 anna per lb.

Metals.—*Copper* continues dull and difficult of sale, and Braziers must again be given as. 4 to as. 8 per cwt. lower on the week at Rs. 32 to Rs. 32-8 per cwt. *Yellow Metal* is equally slack, and Braziers have declined as. 4 to as. 8, being now quoted at Rs. 28 to Rs. 29 per cwt. *Iron* is rather dull for the time of year. Swedish Bars are quoted Rs. 1 per candy lower, but other kinds are unchanged.

Coals.—The depression in homeward freights produces a corresponding firmness outwards, with the result that the coal market has been steadier again. We hear of sales to arrive to some extent of Davison's West Hartley, November to January shipment, at Rs. 14-10, and Cardiff, November-December shipment, at Rs. 15½ per ton alongside. Stocks on the bunder are roughly estimated at 60,000 to 65,000 tons.

EXPORTS.

Cotton.—Although the advices from both Liverpool and the Continent have afforded no incentive to active business, there has unquestionably been rather more doing in the staple since the holidays. We put the week's transactions in Bombay at about 2,500 to 3,000 bales, a portion of which no doubt may be put down to Devali bargains, but the bulk is *bond fide* business largely made up of new Bengals and Omras ready and for this month's shipment. The former have changed hands on the basis of Rs. 163 to 162 for good, and the latter at Rs. 192 to Rs. 190 per candy. At these latter figures there are now rather more sellers than buyers, supplies for this month promising to be unusually free. Bengals for November shipment are of course nothing out of the common ; but Omras, to the extent they promise to be available, are unquestionably very early. But for the rains which have fallen during the week the arrivals would have been much larger, as it is we shall have had 3,000 to 4,000 bales of Omra descriptions by the end of the month. The rainfall has been heaviest in the neighbourhood of Khamgaum, where upwards of 2 inches have been registered, and from that district we must consequently look for most black leaf and stain for a time. All arrivals, however, are likely to bear traces of these objections for a time, and for high class cotton we shall have to wait a few weeks yet at least.

Regarding the Cotton crop in other directions reports continue very favourable. The slight showers in the Broach and Dhollera districts have rather favoured the plants, and although in parts there may be but a poor yield, the total out-turn promises to be good. In fact, we regard a million bales as the probable exports during the first six months of the coming year as quite a moderate estimate. Shipments between now and the end of the year, however, are not likely to be heavy, as there is very little old cotton available.

The movements of Cotton to date show the following comparisons with the two previous years :—

Receipts.	1885.	1884.	1883.
For the week	6,068	4,575	12,212
Since 1st January	1,013,109	1,567,170	1,577,644

Clearances to Calcutta, China, &c.			
For the week	355	230	509
Since 1st January	57,384	95,172	79,672

The following are to-day's quotations for full-pressed Cotton with the equivalents in Sterling, Cost and Freight to Liverpool, via Canal, without commission :—

New Crop—		per Candy.	per lb. C. & F.
Fine Bengal	November	Rs. 176 =	4 3-32d.

Good Broach	do.	,, 211 =	4 31-32d.
Do. Dhollera	April	,, 186 =	4 13-32d.

Wheat.—The home advices have been most discouraging in tone, but the collapse in Freights latterly has induced some additional enquiry, and prices within the past day or two have hardened slightly if anything, more however for ready and forward delivery. We now quote :—No. 1 Soft White Rs. 26 to Rs. 26½, Jubbalpore Rs. 24 to Rs. 25½, Soft Red Rs. 25 to Rs. 25½, Laskari Rs. 23 to Rs. 23½, Hard Rs. 21½ to Rs. 22 per candy.

Seeds.—Of *Linseed* supplies are rather smaller again and for ready we quote Rs. 6-11 per cwt. New Crop March delivery is quoted at Rs. 6-4 for April-May at Rs. 5-14. *Rapeseed* Old Yellow Guzerat ready is nominally at Rs. 6-1, but New April-May delivery is offering at Rs. 5-14½. Old Red Cawnpore stands at Rs. 5, New April-May at Rs. 5-2½ per cwt. Of *Gingelly* supplies are very backward, the rains having further helped to delay receipts into up-country stations. We quote White Rs. 35, Mixed Rs. 34 per candy of 5 cwts.

The comparative imports of Wheat and Seeds are as follows :—

THE IMPENDING BURMESE WAR.

THEEBAW'S PROCLAMATION.

BURMESE BLOCKING THE RIVER.

(FROM OUR SPECIAL CORRESPONDENT.)

RANGOON, Nov. 12.

The partial text of King Theebaw's proclamation is as follows:—

"Evil-disposed English people intend to make war upon us with the object of destroying our religion, dishonouring our usages and customs, and lowering our national honour.

"If they invade us we will march out against them in person, sweep them away, exterminate them, and take their country, with the help of our army, composed of foot soldiers, artillery, elephants, and horsemen, by land and water."

The British Government intend issuing a proclamation which will precede the troops across the frontier.

It is reported that the Burmese are blocking the river at Minhla.

LATER.

The following Burmese troops are reported to have been despatched to the frontier from Mandalay:—One thousand to Minhla; three thousand to Toundwingge, east of Minhla; three thousand to Tounghoo; fifteen hundred to guard the east bank of the Irrawaddy; three thousand to Moyoung or Munipoor pass.

Two out of the four steamers detained at Mandalay are now in British territory; the third has gone to Bhamo for safety; and the fourth, the Doowoon, is reported still at Mandalay.

The general impression here is that the Burmese troops will offer little opposition.

General Prendergast's departure has been postponed. Generals White and Foord left yesterday by river.

All the steamers, with flats, are ready, with orders to call at Prome for orders, and rendezvous ten miles south of Thayetmyo.

LATER.

General Prendergast's departure is not postponed. He and the staff start for Prome by train to-night as previously arranged.

Great anxiety prevails about the Europeans detained at Mandalay.

It has been decided that General Buck does not go with the Tounghoo column. It will be commanded by the senior officer on the spot, Colonel Dickin, of the 3rd Madras Infantry.

Colonel Prothero goes as intelligence officer.

(FROM OUR OWN CORRESPONDENT.)

RANGOON, Nov. 12.

The Flotilla steamer Talloo reached Thayetmyo yesterday. She was nearly detained at Minhla. A royal steamer with 1,000 men left Mandalay before her, but was overtaken before reaching Minhla.

A hostile demonstration has been made against the Italian Consul.

Theebaw has issued a proclamation calling upon his people to fight for the Buddhist faith.

Preparations have been made for blocking the river.

Two Italian engineers have left Mandalay.

It is doubtful if the Doowoon will be able to get away. A close watch is kept on her at Minhla.

The Europeans at Mandalay are determined to blockade themselves in the Italian doctor's house, and the Mahomedan merchants in the house of Moola Ismail.

The villages on the river bank have been destroyed by their inhabitants.

The Deputy Commissioner of Thayetmyo strongly patrols the frontier roads, and has loopholed the bazaar at Allanmyo, which is fairly defensible, if necessary as a place of refuge for the inhabitants.

Seventy Chinamen have arrived at Tounghoo from Nyingyan. They report the place quiet, though at first a little excitement was caused by the levying of troops and supplies by the Governor.

The English preparations are looked on as intended to frighten the King.

The report of the execution of a Burman in the employ of the Corporation is unconfirmed. He was arrested, and an order was issued prohibiting the removal of Corporation property on pain of death.

Major Browne is taking no more volunteers for scouts. It is thought probable a cavalry regiment is coming from India.

LATER.

Another Flotilla steamer has managed to reach the British frontier, and the Mandalay authorities are disinclined to let her start, but she managed to leave on a pretence of going to Mingyan for cotton for the Bhamo market. Once at that place, she steamed down unopposed.

The Noorjehan, with Brigadier Foord and troops from Madras, has arrived.

THE VICEROY'S TOUR.

(FROM OUR OWN CORRESPONDENTS.)

NEEMUCH, Nov. 12.

The Viceregal party arrived here by special train at ten o'clock this morning. The railway station was tastefully decorated for the occasion by the railway officials and the Subah of Neemuch. A guard-of-honour, furnished by the Native Infantry, with band and colours, under a European officer, was drawn up on the platform. A party of native States cavalry was outside, together with their police. Among those who attended to meet His Excellency were Colonel Gataere, Commandant at Neemuch; Colonel Grant, Cantonment Magistrate; the Political Officer, Major Willoughby; and the Rev. Mr. Wilson, of the Canadian Mission.

Lord Dufferin was accompanied by the Countess of Dufferin and other ladies, and attended by Lord William Beresford, Military Secretary; Mr. Durand, Foreign Secretary; and Mr. Evans Gordon, an attaché of the Foreign Office. On His Excellency alighting the guard of honour presented arms and saluted, and the band struck up the National Anthem. After this a native band which was perched up in a sort of balcony, played what was, no doubt, a very excellent selection of native music. The Viceroy remained on the platform for a few minutes, during which he conversed with the gentlemen present. Colonel Grant presented the Subah of Neemuch. Nuzzurs or presents in the shape of fruit and flowers were made by native gentlemen. After ten minutes' stay the party re-entered the carriages, and the train left for Indore.

A royal salute will be fired this evening.

INDORE, Nov. 12.

The Viceregal party left Chittore this morning, and reached here by special train at half-past five this evening. For hours prior to the arrival of the train thousands of people thronged the principal streets and thoroughfares, giving great trouble to the police to keep the route clear for carriages. At the railway station, which was tastefully decorated, there was a brilliant assemblage of native Princes, Chiefs, and Nobles decked in gay colours and wearing a profusion of diamonds and jewelled arms. Among the first to arrive were the Rajas of Ahar, Dewas (senior and junior), the Nawab of Jowra, the Rajas of Narsingarh, Rajgurh, Barwani, and Jahbua, the Chiefs of Kilchipur, Koorwai, and Basoda, and about thirty Thakurs and Nobles. Among the European gentlemen were Lieutenant-General Sir Robert Phayre; Colonel Thomason, Royal Engineers; Mr. Petre, First Assistant Resident; Major Robertson, Political Agent, Bundlecund; Major Barr, Political Agent at Rewah; Major Marfarli, Political Agent at Bhowrawur; Colonel Kincoid, Political Agent at Bhopal; Colonel Martin, Political Agent at Western Malwa; the officer commanding and officers of the Royal Artillery from Mhow, the officer commanding and officers of the Dragoon Guards from Mhow, the officer commanding and officers of the 98th North Staffordshire Regiment from Mhow; Dr. Keegan, Residency Surgeon; Dr. Caldecott, Central India Horse; Colonel, Mrs. and Miss Pemberton; Major and Mrs. Dundas; Colonel and Mrs. Truman, Major and Mrs. Ward, Captains Ravenshaw and Newmarch, Mrs. Martin, Lieutenant Cotgrave, Colonel Brooke, Deputy Commissioner, Kundwa; Mrs. Grattan Geary, Captain Southey, Mr. Johnston, principal, Rajkumar College; Mr. Litster, Assistant Engineer; Mr. Alfred Ryan, Postal Department; Mr. Ham, Deputy Post Master-General, Central India; Mr. Scott; the Rev. Mr. Brennan, and numerous others. On the side of the platform the Holkar's infantry, with band and colours, was drawn up.

About five o'clock Maharaja Holkar arrived, very plainly dressed, and looking exceedingly indisposed and feeble. His Highness was accompanied by his two sons. The heir-apparent Balla Saheb was very simply attired, while the second son, who was similarly dressed, wore a magnificent necklet of diamonds. The Holkar retired to a room while the heir-apparent did the honours, conversing cheerfully with all. The second Prince stayed with his father until the arrival of Sir Lepel Griffin, who was in full dress, wearing the order of the Star of India, the Delhi Assemblage medal, and the Afghan political medal. The Maharaja Holkar, Sir Lepel, and all the Princes and Chiefs advanced to the edge of the platform, waiting the arrival of the Viceregal train, and in the interval a photograph was taken of the group. In a few minutes the train drew up, and the Viceroy alighted and shook hands cordially with Sir Lepel Griffin and the Maharaja Holkar. He then advanced and shook hands and was introduced to the Maharaja's two sons. The Viceroy held a few minutes' conversation with the heir-apparent, and then introduced the Maharaja and his sons to the Countess of Dufferin. Sir Lepel Griffin afterwards introduced the Chiefs, Thakurs, and nobles. Then as the Viceroy advanced to the European gentlemen, by His Excellency's special request he was introduced to Sir Robert Phayre, Colonel Thomason, Mr. Petre, Major Robertson, Major Barr, Major Martelli, Captain Newmarch, and Mr. Ravenshaw, with all of whom His Excellency shook hands. The Maharaja Holkar led His Excellency out, the guard of honour saluting and the band playing the National Anthem. A salute was also fired by the Holkar's artillery. A procession was then formed headed by the police, the band of 7th Dragoon Guards, and the Grey Squadron of same regiment. The first carriage contained the Viceroy, the Holkar, Major Barr, and Major Cooper, A. D. C. A squadron of the 2nd Regiment Central India Horse, in command of Captain Money, followed. The second carriage was occupied by the Countess of Dufferin, Sir Lepel Griffin, and Lord William Beresford. In the third carriage were Lady Helen Blackwood, the Hon. Miss Thynne, Mr. Mackenzie Wallace, and Captain the Hon. Charles Harbord. The fourth carriage contained Mr. Durand, Mr. Petre, General Sir Robert Phayre, and Dr. Findlay. In the fifth carriage was His Highness the heir-apparent, the second son riding. Dustoor Bymanjee Jamasjee, C.I.E., followed, and about a hundred carriages completed the procession which was through a street lined by the Bhopal Battalion under the command of Colonel Miller. The people were enthusiastic. The houses and places of business were decorated, and had bands of music playing the National Anthem.

At the Residency a guard of honour furnished by the 98th Staffordshire Regiment, with band and colours, paraded, a battery of field artillery from the Mhow garrison fired a Viceregal salute, and troopers of the Central India Horse lined the grand staircase. The Viceroy expressed himself highly gratified by the reception, and specially asked Sir Lepel Griffin to thank the officers of the Dragoons and the Central India Horse escort.

To-night after dinner Sir Lepel gave an evening party, where the sepoys of the Malwa Bheel Corps appeared and performed a native war dance under various coloured lights which imparted a most brilliant appearance to the scene. The whole of the grounds of the Residency was brilliantly illuminated.

BELGAUM, Nov. 12.

The 23rd Madras Infantry, under Colonel Grant, marched this morning to relieve the 24th Bombay Infantry, who leave for Bombay.

HYDERABAD RACES.

(FROM OUR OWN CORRESPONDENT.)

HYDERABAD, Nov. 12.

The recent rain has done much to improve the condition of the weather and the course for the opening of the meeting. Colonel Ludlow has already won the hearts of all racing men by the efficient arrangements he has made to ensure the success of the meeting. Many improvements are noticeable on the old condition of affairs. The lotteries last night did not fill as well as was expected, on account of a large dinner party at the Minister's palace. There was, however, a great attendance on the course, though the Nizam unfortunately was absent. Messrs. Miller and Brittain, book-makers, have been doing a large business.

AMONGST the passengers who have arrived in Bombay by the s. s. China (Rubattino) is the Count Louis of Moncalieri, youngest son of Prince Napoleon. He is accompanied by Signor Michela, an Italian gentleman, who has already travelled largely in Africa, the Persian Gulf, and India. It is the Count's intention to visit the principal towns of India, the Straits Settlements, Java, China, Japan, and America. The Count, who takes his title from the Castle of Moncalieri, close to Turin, one of the properties of his mother —the Princess Clothilde, a sister of the present King of Italy—is about twenty-three years of age, and speaks Italian and English well. He joined the vessel at Aden, having come so far in the Irrawady, one of the Messageries steamers, from Marseilles.

YESTERDAY'S *Government Gazette* notifies the appointment of Mr. John Jardine, late Judicial Commissioner, British Burmah, and at present Acting Chief Secretary to Government, to act as a judge of the Bombay High Court from the date of the resignation of the Hon. Mr. Justice Pinhey during the absence of the Hon. Mr. Justice West.

CONSEQUENT upon the appointment of Mr. Jardine, the duties of Chief Secretary to Government will, during the absence of Mr. Richey, be performed by Mr. J. Nugent, and those of Secretary in the Political, Secret, Judicial, and Educational Departments, by Mr. Macpherson.

MR. C. G. W. MACPHERSON, C. I. E., Under Secretary to Government in the Political, Judicial, and Educational Departments, and Secretary to the Legislative Council, has been appointed Judge and Sessions Judge of Shikarpore. Mr. H. Batty succeeds him at the Secretariat. The following appointments also result from the transfer of Mr. Macpherson:—Mr. Shripad Babajee Thakor, to be first-grade assistant judge; Mr. G. Jacob, to be second-grade assistant judge; and Mr. A. Shewan, to act as assistant judge in the Ahmedabad district for the Kaira and Panch Mahals collectorates from the date of Mr. Batty's departure. Mr. Shewan is also invested with all the powers of a district judge.

MR. CRAWLEY BOEVEY has been re-appointed to be Special Settlement Officer for the settlement of cases between H. H. the Gaekwar of Baroda and the Mahi Kantha Bhayads.

MAJOR F. M. HUNTER, C.S.I., has resumed charge of the offices of first Assistant Resident, Aden, and Political Agent, Somali Coast, during the absence of Captain W. P. Kennedy. Captain M. T. Lyde acts as third Assistant Political Resident.

MR. P. S. V. FITZGERALD and Captain W. P. Kennedy have been appointed third and fourth assistants to the Political Agent in Kattywar; and Captain A. S. W. Fordyce to act as Assistant Political Agent, Mahi Kantha.

DURING the absence of Lieutenant-Colonel W. H. Wilson, while on duty as Commissioner of Police, Bombay, Mr. H. N. Alexander and Mr. A. J. A. Jardine act as District Superintendent of Police at Nasik and Rutnagherry respectively.

THE following temporary appointments have been made in the Public Works Department:—Colonel W. Merriman, R. E., to assume charge of the office of Superintending Engineer N. D., in succession to Colonel J. R. Maunsell, R.E., proceeding on furlough, and Captain E. C. Spilabury, R. E., to assume charge of the office of the Executive Engineer, Bombay Defences, during Colonel Merriman's absence.

MR. P. RYAN, Presidency Magistrate, has been allowed privilege leave for six weeks. Mr. Shivshanker Govindram acts during his absence.

COLONEL R. BYTHELL has been appointed Cantonment Magistrate at Malegaon.

MR. J. H. TODD, Acting First Assistant Collector, Kanara, has been allowed furlough for one year from the 20th inst.

THE Governor in Council has nominated Mr. J. S. Alston to succeed Mr. D. S. Kemp as a member of the Bombay Municipal Corporation.

AN extension of leave for six months has been granted to Mr. G. F. Mathew, C. I. E., acting Secretary of the Bombay, Baroda, and Central India Railway Company.

FROM the Bombay Presidency season reports for the week ending the 10th inst. it appears that the river is still falling in Sind. There has been slight rain in parts of fourteen districts, but more is required for rabi crops in one taluka of Nasik and in parts of Khandesh. The reaping of kharif and sowing of rabi crops have been nearly completed in some districts, and are in progress in others. There has been cholera in parts of eight, fever in parts of fifteen, cattle-disease in parts of eleven, and small-pox in parts of four districts.

IT having been brought to the notice of the Government of India that the rules for the conduct of the Civil Engineers' Provident Fund are silent in regard to subscriptions during leave, the Governor-General in Council has ruled that an officer on leave of any kind may, at his option, subscribe any sum he pleases, subject to a minimum of five per cent. on his leave allowances and a maximum of ten per cent. on the same, as would draw if on duty; and that when an officer's leave allowances are drawn in India the subscription shall be dealt with as usual on audit of salary. When, however, they are payable out of India, or when an officer is on leave without allowances he can contribute such amount as he pleases between the minimum and maximum, but must make his own arrangements for so doing.

A SALUTE of seventeen guns was fired yesterday from the Saluting Battery to announce the arrival of His Excellency the Commander-in-Chief.

SIR LEPEL GRIFFIN will contribute to the first number of the *Asiatic Quarterly Review*, which will appear on the 1st of January under the editorship of Mr. Demetrius Boulger, an article on the policy and position of the English Government in India.

MESSRS. W. H. ALLEN & Co. have in the press the first volume—which deals with Gujerat—of "The History of India, as told by its own Historians," which Professor Dowson, of the Staff College, is preparing under the direction of the Secretary of State for India.

THE P. and O. Company have, as a rule, experienced good fortune at sea, the natural results of careful management, but the list of accidents to their steamers on or near the Ceylon Coast between the years 1853 and 1880 is nevertheless a long one. The Madras struck on a rock in Galle Harbour in 1853. The Erin in 1857 ran ashore and was wrecked off Kalutara, between Colombo and Galle, with General Havelock and troops for the Mutiny. The Ava in 1858 was wrecked on the east coast near Trincomalee, on her voyage, like the Indus, from Madras to Galle. The Bengal in 1859 was seriously damaged in Galle Harbour. The Malabar in 1860, on China, with Lord Elgin and suite on board, was totally lost in the same place, owing to her hawser parting in a gale of wind. In the same year, again, the Simla, and subsequently the Pottinger, narrowly escaped a like fate. In 1862 the Colombo was wrecked on Minicoy Island, Maldives; and in the following year the Nemesis was injured at Galle, and had to go to Bombay for repairs. In 1873 the Hindostan ran into the Alcinous off the east coast of Ceylon; and in the same year the Columbian, while towing the Kubia out of Galle Harbour, struck on some rocks and forced in the Kubia's bow, damaging both vessels, while later on in the year the Golcunda in entering the harbour struck the Kadda rock, and was more or less injured. In or near Colombo itself there is no record of the loss of a steamer or of any serious accident to one previous to 1880. Since that year casualties with the P. and O. Company's vessels have been few and far between; and the Indus, it is to be hoped, will not soon find an imitator.

FROM the report of the Sanitary Commissioner of Bengal, it appears that during the year 1884 cholera prevailed to a much greater extent and with more fatal effect than in the previous year. The number of deaths recorded was 134,421, or at the rate of 2·03 per 1,000 of the population. No district escaped altogether from the disease, which pervaded 24,621 villages, against 16,316 in 1883; prevailed in an epidemic form in ninety of the registering circles, against forty-seven; and with great severity in ninety against sixty-four. Only thirty-seven circles were entirely free from the pest.

A DIFFICULTY has arisen in Bhopal in regard to the appointment of a new Prime Minister. It is said that, whilst the Begum leans to the appointment of a European administrator, her official advisers prefer a native, and he one not altogether to her liking. Colonel Saurin Brooke is, it is stated, the official whose appointment the Begum favours. Colonel Brooke was raised in the Guides, and twenty years ago travelled from India to England *viâ* Arabia and Russia. He is said to be a capital linguist, and to have exceptional knowledge of Mussulman character and customs; and as a Deputy Commissioner at Hoshungabad and other places bringing him into touch with Bhopal and its people, is something more than a mere *persona grata* to the Begum. He is still in the Central Provinces Commission.

IT is generally thought (says *Vanity Fair*) that MR. W. H. SMITH will be raised to the peerage after the general election. Mr. Chaplin is also spoken of as a likely peer in the next batch of new creations.

THE American Consul at Canton reports a fresh outbreak of persecution against the Christians in China, and this is confirmed by advices from missionaries there. It causes a general movement among American missionary boards and other religious bodies, urging the Secretary of State to make an immediate vigorous remonstrance.

THE French Minister of War has received a telegram from General de Courcy, dated the 19th Oct., confirming the intelligence that disturbances have broken out in the vicinity of Kuang Tri and Camelo, in the province of Kuang Tri, and that a number of Christians have been massacred. The authors of the disturbances were closely pursued by the Chasseurs-à-Pied and Tongkinese sharpshooters, and in the fighting that ensued some of the latter and one Chasseur were killed. The telegram adds that order has not been disturbed at Hué.

RECENTLY the police agents at Cairo, whose duty it is to keep their eyes on the doings of the slave dealers and to watch the state of the slave trade, hearing that a ship was in quarantine at Suez from Jeddah, proceeded there and boarded her. There were a large number of slaves on board, mostly women. It was explained to them that they were at liberty to leave their masters if they chose. Seventeen women at once took advantage of the protection given them, and were taken at once to the English Home for Freed Female Slaves. This institution is open to any women slaves who wish to accept their liberty, and is under the patronage of Her Majesty the Queen. The number of slaves liberated at Cairo for the month of September was 193; for August 314.

GAIETY THEATRE.

THE English Opera Bouffe Company gave at the Gaiety Theatre last night the ever-popular burlesque of "H. M. S. Pinafore." The play was very well performed, the performers sustaining their several parts very creditably. The audience was fairly large and appreciative.

THE DEFICIENT WATER-SUPPLY.

THE weekly meeting of the Bombay Town Council was held yesterday afternoon, when the following members were present:—Dr. H. Cook (chairman), Colonel Merewether, the Hon. Dadabhai Naoroji, Major Portman, Mr. Dosabhoy Framjee, Dr. Peterson, Messrs. R. N. Khote, R. M. Sayani, N. Byramjee Jeejeebhoy, and M. N. Banajee.

A letter from Mr. Dawoodbhoy Hassum and other owners of houses at Gorupdeo-road was submitted to the Council, complaining of the scanty supply of water they received. Another letter on the same subject (which has already appeared in the *Bombay Gazette*) was received from the inhabitants of Dadysett Agiary-street, stating that the water-supply in that street had been much reduced, and that, except on the groundfloor, not a drop of water could be had in the houses. The petitioners suggested that the street be connected with the Vehar pipe passing through the Portuguese Cathedral-street.

Mr. Khote observed that, when the Bhandarwada reservoir was first projected, the hope held out to the public was that it would enable the water to ascend to the fourth and fifth storeys, and that there would be no more complaints on behalf of people living there. But he feared the reservoir had not fulfilled its purpose to the extent they had been led to expect. If the request of the residents in Dadysett Agiary-street to connect their main with the Vehar pipe in the vicinity could be conveniently granted, he thought Mr. Ollivant would be the last person to withhold it from them.

The Municipal Commissioner said he should be very glad to supply Vehar water to the street at once; but he feared the result would be that they would then receive many complaints from other quarters.

The Hon. Mr. Dadabhai.—People must have water, and if Vehar water can possibly be supplied to them, it must not be withheld.

Dr. Peterson.—The statement of the people appears to be that they get no water at all just now.

The Municipal Commissioner.—No, they do get some water on the groundfloor.

Captain Morland said there were many places where no water could be had at all. At the Yacht Club, for instance, they had to pay four and five rupees per day for water.

Mr. Nanabhoy.—In fact, the cry of a deficient water-supply is to be heard all over the city.

Mr. Banajee said the cry was universal, and asked whether there was any particular reason at the present moment for the scarcity being felt in many localities.

Mr. Khote.—And that, too, so soon after the monsoon.

The chairman.—So far as I understand the case before us, the fact is, not that there is no water at all, but that the water does not rise to the upper storeys. In other words, the pressure is not sufficient.

The Hon. Mr. Dadabhai asked how it was that the water could not reach the higher storeys. He also asked whether it would not be possible to connect the mains with the distributing system in such a way as to afford sufficient pressure for the water to ascend to the higher storeys.

The Municipal Commissioner, in the course of some remarks, said he had foreseen the difficulty that would have to be experienced while the work of roofing in the Malabar Hill reservoir was going on, and had consequently undertaken the work advisedly in the cold season rather than in the hot, when the hardships felt by people would have been all the greater. The water supplied from Tulsi was going right into the distributing system, and not passing through the reservoir. He thought the people would be much better off if there were a large outlet main. The main from Tulsi was only a 24-inch one, and was not capable of distributing all the water it received within the eight hours of the day during which people practically wanted to get their supply. At present when water was turned on in one place, it had to be shut off from another. But under the arrangements now being made, there would be a separate service for Malabar Hill, which would not compel them to shut off the supply through the mains leading into the town. But it must be remembered that Bholeshwar district could not be supplied at the same time that the Fort and Colaba were supplied. The connection with the Vehar main might be made, as suggested, but he was not sure whether such a step would not entail sufferings on others.

The Hon. Mr. Dadabhai said some sacrifice must be made, in order to secure an equal distribution throughout the town. As to the petition from the inhabitants of Dadysett Agiary-street, they might be supplied, to some extent, with Vehar water, rather than that they should have no water at all anywhere above the groundfloor of their houses.

The chairman observed that sufficient pressure was not obtainable where there were many off-takes from one main, or where the main was not large enough to meet all the demands at it at once. It was the wish of the Town Council, the matter might be referred to the Commissioner to consider the necessary steps that should be taken.

The Hon. Mr. Dadabhai said they could entirely depend upon Mr. Ollivant doing his utmost to give every rate-payer his due.

The Municipal Commissioner observed that every house-holder in London and other places provided himself with a pump with which to draw up water whenever anything went wrong with the mains. But no house-owners in Bombay did the same, and consequently they were put to great inconvenience. He (the Commissioner) was doing his best to meet the difficulties. With regard to the case referred to by Captain Morland, he said the main down the Apollo-bunder was not sufficient. He had stated to the Corporation the other day that it was one of their first duties to give every street its water main, and he had already called for a list of the streets where no main existed at present.

The Hon. Mr. Dadabhai.—There were no water mains in the cross-lanes of Khetwady. He thought the house-owners in those lanes would be very glad to pay for the water supplied to them. If he remembered right, they had recently made an application to the Corporation to be supplied with the mains.

After some further discussion, the Council agreed to a motion of Colonel Merewether asking the Commissioner to do what he thought best for the petitioners.

Sanction was given to the payment of Rs. 566 per mensem, up to the end of the current financial year, to meet the cost of the following staff required in connection with the working of Deacon's meters, fixed to the water mains in the city:—8 Inspectors at Rs. 30 each per mensem, Rs. 240; 22 labourers at Rs. 10 each ditto, Rs. 220; 4 ditto at Rs. 9 each ditto, Rs. 36; 1 plumber, Rs. 30; 1 clerk, Rs. 50; total Rs. 566 per mensem. The charge to be met from savings in the grant for the purchase of Deacon's meters.

The Council then adjourned.

ADVICE TO MOTHERS.—Are you broken in your rest by a sick child suffering with the pain of cutting teeth? Go at once to a chemist and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor sufferer immediately. It is perfectly harmless and pleasant to the taste, it produces natural quiet sleep by relieving the child from pain, and the little cherub awakes "as bright as a button." It soothes the child, it softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for dysentery and diarrhœa whether arising from teething or other causes. MRS. WINSLOW'S SOOTHING SYRUP is sold by Medicine dealers everywhere at 1s. 1½d. per bottle. Wholesale by A. Apcar, Bombay; Carnegie, Darga, Campbell, Walker, & Co., Madras; and Lee & Co., Calcutta.

THE STATIONERY DEPARTMENT IN 1884-85.

THE following Resolution regarding the working of the Stationery Department was issued yesterday:—

FINANCIAL DEPARTMENT.

Bombay Castle, 11th November 1885.

Letter from the Superintendent of Stationery, No. 3501, dated 27th August, 1885—Submitting his report on the working of the Stationery Department for the year 1884-85.

Resolution.—The value of articles of stationery issued in 1884-85, namely, Rs. 3,01,394, was less by Rs. 51,429 than the value of articles issued during the preceding year. The figures for 1883-84, however, included the cost of a supply of printing paper for four years' requirements made in advance to the Commissioner's Press in Sind. The quantity of printing paper supplied to most of the other presses was much larger than in the preceding year.

2. The value of stores of *bonâ fide* Indian manufacture purchased during the year is not stated in the report, although it was requested in paragraph 3 of Government Resolution No. 4226, dated 28th November, 1883, that this information should be given. In future reports a statement of the prices of such stores purchased, as compared with the prices which would have been paid had the articles been obtained through the India Office, should be furnished. It appears, however, from the statement of expenditure on stores for the past year received from the Accountant-General that Indian stores of the value of Rs. 12,242 were purchased by the Stationery Department during the year. The value of stores of this description purchased in 1882-83 was Rs. 19,695, and in 1883-84 Rs. 19,339. There has thus been a contraction instead of an extension of the purchase of such stores. This result requires explanation, as new articles of local manufacture are annually being brought into use. Since the submission of the report for 1883-84 scissors, red ink glasses and cartridge paper of local manufacture have been directed to be supplied. The use of woollens manufactured at the Egerton Mills in the Punjab for the coats of peons in Government offices in the mofussil and of the members of the Northern Frontier Force has been sanctioned, and the Superintendent of Stationery has lately been directed to obtain samples of cloth suitable for police uniforms. The quantity of cloth required for these purposes is very large, and it will be of great advantage to obtain it of Indian manufacture. The Governor in Council will be glad to see this object attained even at some temporary sacrifice of appearance. When it is known that there is a large and constant demand, there is a probability of suitable cloth being produced in India and supplied at a lower price than that at which it can be imported from England. Samples of various descriptions of printing paper have been obtained from the several Paper Mills in India, but the prices demanded are higher than those paid for paper obtained from England. The value of printing paper annually issued from the stationery stores is considerable, amounting in the past year to over two lakhs of rupees, and His Excellency in Council trusts that it will soon be found economical to obtain this article also of Indian manufacture.

3. The Superintendent of Stationery was authorized by this Government to purchase in the local market, without previous reference to Government, articles of European manufacture, the supply of which had run short or the demand for which had not been anticipated when the annual indent on the Secretary of State was prepared. The Government of India have, however, declined to permit the continuance of this practice, and such articles can now be bought only with the previous sanction of Government in each case. Some inconvenience will arise from this order, but it will be minimised if the annual indents on the India Office are prepared so as to include a sufficient supply of all articles which are likely to be needed for the public service.

J. MONTEATH,
Under Secretary to Government.

CRICKET IN THE BERARS.

(FROM OUR OWN CORRESPONDENT.)

AMRAOTI, Nov. 8.

THE crushing defeat sustained by Nagpore last month at Amraoti seems to have induced them to get up as strong a cricketing team as possible to oppose Berar. For this purpose the best cricketers from Kamptee were recruited, and, coupled with the strongest Nagporeans, the team was formidable enough to inspire hopes of an easy victory for Nagpore. On the other hand, two very good men, viz., Messrs. Metcalfe and Read, were absent from the Berar side, Messrs Winter and Byrne being substituted for them. Considering that on the last occasion two men were sufficient to bring the match to a close, it was not surprising that a day and a half did not prove a liberal allowance of time to have two innings a side. The game thus resulted in a draw.

The Nagpore cricket ground is a splendid large Maidan, but to a Berari it scarce looked like a cricket ground without the coir matting which proved so disastrous to Nagpore at the last match. For the information of such of your readers as are unacquainted with the use of this matting, I would explain that it is placed between the wickets. It is well stretched and nailed to the ground, making it as level as possible. It appears, however, that some doubts have been raised as to the legality of using this coir matting, since no known book on cricket authorises its use, nor even alludes to it. The only difference I have been able to discover is, that a bowler who is not accustomed to it cannot get his pitch nor his breaks on so well as on bare ground. It is not quite correct to say that there can be no breaks on coir matting, for all the Berar bowlers have shown otherwise. And now to proceed. Two large tents and a shamiana were pitched for the accommodation of spectators, but these proved quite insufficient, and most of them were therefore forced to content themselves by lining the boundaries of the cricket ground. By 11 o'clock the respective teams gathered on the ground, and within half an hour all preliminaries were gone through, and the match commenced. Nagpore, as usual, went in first, sending in Franklin and Benson to face the bowling of Greg

THE SCIENTIFIC SYSTEM OF
DRESS CUTTING
ENABLES
EVERY LADY TO BE HER OWN DRESSMAKER.

BY this system you can cut any garment worn by Lady or child with the use of any paper patterns and with a saving of from 1½ to 3 yards of material. With the scientific system no trouble is incurred, if the instructions are followed (which any person can master without the least trouble) it is impossible to make a misfit. The system has been tested in all kinds of forms, and it will never fail to make a perfect fit.

Mrs. VOJEL, sole agent for the Scientific System, guarantees to instruct any lady, in a few easy lessons how cut from measure, any garment worn by lady or child, so that it will fit perfectly without alteration. Each lady will receive personal instructions till perfect for the sum of Rs. 30, including a complete set of instruments.

Apply by letter to "V.," care of this paper.

ADVERTISING
AT
RAILWAY STATIONS.

THE Proprietor of the "BOMBAY GAZETTE" Press, having leased from the

G. I. P. RAILWAY COMPANY.
The B. B. & C. I. RAILWAY COMPANY.
The NIZAM STATE RAILWAY
AND
The BHOWNAGAR GONDAL RAILWAY COMPANY,

The exclusive right of advertising at all the Railway Stations belonging to these four Companies, is prepared to contract with parties desirous of posting Notices or Advertisement on the lines.

The announcements may be in English or in any of the Native Languages.

The advantages which Railway Stations present as a means of bringing intimations of all kinds before the public have been demonstrated in England by the extensive use which is made by Advertisers, of every station, great and small, along every one in the United Kingdom.

INSURANCE COMPANIES, SHIPPING COMPANIES HOTEL KEEPERS, MERCHANTS, TRADERS and others who wish to force their business on the notice of the public, all alike value the privilege of Railway Station Advertising.

And as nearly ALL TRAVELLERS ARRIVING IN INDIA NOW LAND AT BOMBAY and proceed by the G. I. P. or B. B. and C. I. Railways to their destinations, Placards exhibited at the different stations on those lines are every day becoming more and more valuable as means of bringing the Advertisers business to the notice of the public.

On the NIZAM STATE RAILWAY the Cantonment of Secunderabad, as is well known, contains the largest military garrison in India, a garrison comprising over 5,000 British and native troops. Contiguous to it is the Cantonment of Bolaram, garrioned by two Regiments and one Battery of the Hyderabad Contingent, all officered by Europeans. South of Secunderabad, about four miles, are the suburbs of Hyderabad containing the Nizam's Regular troops, about 5,000 in number, officered mostly by Europeans, besides a large civil population. It would manifestly be a source of propit to firms to advertise at these Stations, the most important of which are Secunderabad, Hyderabad Gangawaram, and Tandur.

RATES.

Boards not exceeding 2 feet long and 2 feet broad Re. 1 per month. For every additional square foot annas 2.

Thus a firm exhibiting a board, say 4 feet square will have the advantage of having their business Advertisement read by thousands of passengers on one station platform for the trifling monthly expenditure of Re. 1. Parties advertising on six stations or more will be allowed a discount of ten per cent.; on twelve stations or more twenty-five per cent.

Special arrangements for long periods.

The boards to be delivered at the "BOMBAY GAZETTE" OFFICE, whence they will be sent by the Lessee to the various stations selected by the Advertiser. In the event of the contract terminating, the boards will be brought back to Bombay at the expense and risk of the Advertiser.

Advertisers can select the stations, on the four lines at which they wish their Placards posted, and may advertise for any period that may be agreed on. The charges have been fixed on an extremely moderate scale to encourage Advertisers to make a liberal use of the new means now offered of making announcements known to the public.

Placards, according to the taste of Advertiser may be printed at moderate charges in English or any of the Native languages at the "BOMBAY GAZETTE" Press. Estimates on application.

For further particulars apply to THE MANAGER, "BOMBAY GAZETTE" OFFICE, Rampart Row, Fort.
